MEMORANDUM FOR: Deputy Director for Intelligence

SUBJECT : Intelligence Game

Ed:

1. Attached herewith is a package of material on an "Intelligence Game" pulled together by the Office of Training in response to a request by the Director of the CIA Operations Center, who has indicated that he had some discussions with the DCI on this program, which is also of interest to General Graham.

2. While I am quite willing to provide this limited preliminary training and assistance in the initial effort, I also endorse ☐ ☐ comment that overall responsibility for the development and conduct of a Community intelligence game is well beyond the capabilities and direct interests of OTR. As you are aware, the Office of Training quite recently suffered rather heavy personnel cuts, and I have been stressing that their manpower and resources must focus on meaningful high priority requirements. Quite candidly, I have some reservations on the long-term value of this project, but would solicit your views on its substantive merits before there is any significant expenditure of money, manpower, and resources.
